 - our rich history starting before 1900
 - the cider process
 - making of fried cakes
 - different types of homegrown fruit
 - shipping of apples
 - storage of apples
 - how our farm market developed into a year around store
 - and much, much more

Option 2

Tour the farm (approximately 30 minutes)

- Learn about...
 - the evolution of farming and the history of our land
 - our different growing seasons
 - the process of pollination and the role of bees
 - the process of honey making
 - different types of homegrown fruit
 - growth of an apple tree

Option 3

Tour of the Cider Mill and a tour of the Farm (approximately 60 minutes)

- Learn about...combined option 1 and option 2
